

# PETER JOHANN BAND

## BAND PROFILE

We are Peter Johann Band. We're not your typical Top 40 cover band, but offer a unique blend of performance background and musical ability that is sure to engage any crowd. Our song selection may be new to some, but will be enjoyable for all. Peter Johann Band's goal is to provide a high-energy, musically diverse show that no other band can offer, which we accomplish through a rare blend of instruments and personalities. We never have and never will play the same show with the same set-list twice. In addition to playing normal venues, Peter Johann Band is devoted to helping out our local community. Contact us if we can help you bring awareness to important causes which benefit your community or charitable organization.
